Trinity Family Physicians

Consent and Authorization for Minors

By law, a healthcare provider must attempt to contact a birth / custodial parent or legal guardian prior to rendering treatment to a minor child (a person under the age of 18), except in those instances where the law recognizes the minor as having the capacity to consent to a specific medical procedure / treatment. It is the policy of Trinity Family Physicians to have a signed consent form by the birth parent / custodial parent or legal guardian of a minor in order for the minor to be seen by any of our physicians or nurses for medical treatment. If a minor is brought in to Trinity Family Physicians by someone other than the birth parent / custodial parent or legal guardian, the minor child must be accompanied by a note ("Authorization").

Authorization must include the date when it was written, name of the patient, name of the person bringing the child, what the child is being seen for, the birth / custodial parent or legal guardian's signature, copy of the birth / custodial parent or legal guardian's photo I.D., and a telephone number where the birth / custodial parent or legal guardian can be reached.
